### Three Aboard Downed Plane

Three persons, including an RCMP officer, are presumed seriously injured or killed in the crash of a plane engaged in the search for gunman John Morrison, south of Penticton today.

The plane, a single-engine float craft, piloted by an RCMP officer, crashed and exploded on

a mountainside about a mile above Skaha Lake and eight miles south of Penticton shortly before 1 p.m.

Penticton RCMP detachment confirmed that the plane was being used in the search for the man who shot an RCMP corporal at Summerland yesterday. They declined to give the names of the three persons aboard.

Fred Chapman, whose lake-shore home at Kaleden is about directly opposite the crash site, watched the accident with his family during lunch hour.

"We first saw the plane heading south on the opposite side of the lake," he recalled. "Then it turned towards the land and headed north for a short way and then turned again southward. The next time we saw him, he was a little higher up and turning towards the mountain again to go north when it crashed."

"The plane exploded immediately as it crashed on a fairly steep incline."

A large brush fire was touched off by the crash and was burning fiercely at press time. The flames were visible all about the lake as well as from Penticton.

Site of the crash is directly across the lake from the Kaleden Co-Op building.

## Claims Turner Asked to Stay Away From Tour

LONDON (Reuters)—The Daily Mirror says a young Montreal lawyer who danced with Princess Margaret in Vancouver and Ottawa has been asked to stay away from the remainder of her Canadian tour.

The newspaper says John Turner, 23, was requested not to see the princess after they had danced together until 3 a.m. last Sunday at the governor-general's ball in Ottawa.

Turner had been invited to join the royal party at Harrington Lodge in the Gatineau Hills but instead went straight from Ottawa to Montreal, the Daily Mirror adds.

## Witness Guesses Freedomites' Ages

KELOWNA — A guess at the ages of five Freedomite defendants became evidence in the bomb conspiracy hearing at Kelowna today, when defence counsel J. Steeves, of Vancouver, cross-examined Crown witness Bartola P. Castanelli, bartender at Vernon's Allison Hotel.

The hearings before Magistrate D. M. White are in their third day.

Earlier Mr. Castanelli told of his discovery on the night of June 28 of a quart-glass jar containing a sugary brown substance, wires, and a pocket watch and a battery taped together. He said he found the jar in the water tank of a toilet in the men's beer parlor at the Allison.

Defence cross examination brought out that Mr. Castanelli had no recollection of seeing any

of the accused in the beer parlor that day, and that he "checks up" on any customers who look under 21 years old.

Defence: "I take it you have no recollection of any of the accused going in during the day?"

Witness: "No I can't recall any of them."

Defence: "Most of these boys (the accused), look under 21, don't they?"

Witness: "There's only one I'd be a little dubious of."

Mr. Steeves, acting for John Antifant, then asked Mr. Castanelli to give the age of each defendant. Correct ages are given in brackets. Sam Konkin "28 or 29" (27). John Nazarov "22, now 20 is fairly rough guessing."

Alex Konkin "26 or 27" (28th birthday today). George Woykin "19 or 20. I wouldn't serve him!" (22). John Antifant "25 or 26" (24).

"That's all," said defence counsel Steeves, and sat down.

Other witnesses at this morning's hearing were Glen L. Workman of Oryama, who works at a roadside store on Highway 97, 14 miles south of Vernon, and who described selling a cheap wrist watch with a plastic face to a man he described as "short in work clothes" with a "dusty face"

on June 28, and Sgt. W. G. Lambert, RCMP investigator, who was recalled for cross-examination on yesterday afternoon's testimony.

The hearings are expected to continue until Friday as witnesses and exhibits continue to pour in.

## SCHOOL BAND JOINS PARADE

Penticton High School Band makes its annual appearance as one of a dozen or so bands from far and near in the Peach Festival parade down Penticton's Main Street at noon tomorrow.

The high school band conductor, D. J. Hodges, wants as many members out as possible. He asks that parents of those members who cannot perform to notify him at once.

Members can pick up their uniforms at the high school at 10 o'clock tomorrow morning.

The parade will also feature over 60 floats from as far afield as Seattle and Calgary.

## Airstrip to be Extended for Bigger Planes

Increasing importance of Penticton Airport is behind a Department of Transport decision to extend the runway by 700 feet. A record number of aircraft have landed at the airport this year, it was announced today.

The extension, to bring runway length to 6,020 feet, will enable the Okanagan's busiest airport to receive the big 72-passenger Douglas DC-3 aircraft that are being brought into use in B.C. as air travel increases.

Biggest plane regularly using the airport today is CFA's 40-passenger Convair.

David Fugh, M.P. for Okanagan-Boundary, sent news of the Department of Transport runway extension plans to the Herald today.

Tenders for the 700-foot runway extension will be received up to August 28 by F. T. Collins, Department of Transport secretary in Ottawa.

Resurfacing of the existing 5,320 feet of runway was completed in time for arrival of aircraft carrying Princess Margaret on her tour of B.C.'s Interior.

Flight figures today show that Penticton is now one of the busiest airports in the province.

In the seven-month period ended July 31, private and commercial flights into Penticton totalled 1629, an increase of nearly 300 flights over last year.

## DETAILS OF NEW U.K. QUOTAS

### Growers to Gain More Apple Sales

OTTAWA (CP)—Canadian fruit growers likely will benefit from new quotas established by Britain for purchases in the dollar area during the year starting Oct. 1.

The trade department today announced some details of the new quotas that are likely to open the door to sales of Canadian apple and other fruit juices and of Canadian dried apples to Britain.

Full details of the British quotas were not immediately available here but it is understood dried apples will be included in dried fruits that may be purchased in the dollar area. However, total purchases under the dried fruits quota remained unchanged at about \$6,050,000 for all dollar area countries.

The fruit juices quota of about

\$660,000 formerly limited to citrus fruits has been expanded to include other fruit juices such as apple juice.

The quota of canned apples has been raised to about \$330,000 from about \$220,000. The quota on fresh peaches, plums, grapes, apricots and other fresh fruit was set at about \$825,800.

Although the quota on canned

peaches, pears, apricots, cherries, fruit salad and other canned fruit, is unchanged at \$4,800,000, the portioning of this amount among dollar countries has been dropped. Each country therefore will be able to compete freely for sales within the quota set. Previously Canada was limited to about one-eleventh of the quota.

## Defence Opens Sommers' Case

By H. L. JONES  
Canadian Press Staff Writer  
VANCOUVER (CP)—The defence opened its case today for

former lands and forests minister Robert Sommers and said it will bring evidence to show that money the Crown charges were bribes were in fact personal loans.

Nicholas Mussallem, who along with Angelo Branch revealed the 47-year-old former minister gave the jury a half-hour outline of the defence's case.

He said the jury would learn of a total of some \$7,100 which Sommers borrowed from his friend, Pacific Coast Services Limited president H. Wilson Gray—who is also accused. He said Sommers had never denied receiving these loans and had previously admitted them in a public broadcast.

Mussallem said Sommers incurred heavy expenses with his election and approached Gray for the loans. He said Gray also told the minister where he could furnish his Victoria home at wholesale prices and that this explained the purchase of \$807 worth of rugs—paid for by Pacific Coast Services—which the Crown claims was part of the bribe.

The defence lawyer said that so far as a forest management licence issued to B.C. Forest Products Limited is concerned, it will be shown that it was one of the toughest ever issued to a company in B.C. and resulted in millions of dollars worth of roads that otherwise would not have been built.

This, he said, would be shown to rebut the Crown's evidence that the B.C. Forest Products licence resulted from some \$30,000 allegedly paid in bribes.

## Queen Coronation Festival High Spot

Lovely and talented Maureen Pritchard, a 1958 graduate of Penticton High School, will be crowned Queen Val Vedette XI tonight at the opening ceremonies for the 11th annual Penticton and District Peach Festival.

Queen-Elect Maureen, a charming brunette, will have Kris Tillberg and Sharon Vagg as her princesses.

The coronation, beginning at 7:30 p.m. tonight in Queen's Park Peach Bowl, will launch four days of fun-grammed celebrations comprising the biggest festival of its 11-year history.

Proceeding the coronation tonight at 6 p.m., the big Rotary Agricultural Industrial Exhibition, in and adjoining Penticton Memorial Arena, will get under way.

Following the crowning ceremonies tonight, Peach City Promenaders hold their pre-jamboree dance on the open floor at King's Park where the events of the fifth annual B.C. Square Dance Jamboree will be held Thursday, Friday and Saturday nights.

First day of the festival concludes tonight with the Queen's Ball, beginning at 10 p.m. and

being held for the first time in the gracious new \$50,000 Jubilee Pavilion on scenic Okanagan Lake.

Big event tomorrow, following the daily street square dancing at the Post Office corner, will be the giant Peach Festival parade beginning at noon, sharp.

Among the parade attractions will be one of Canada's most talented young entertainers—10-year old Shelby Howe, a unicyclist from Vancouver, who is presently holidaying in Penticton with her parents.

Miss Howe, who rides the single wheel like a seasoned trouper and is also a very clever dancer, will appear in the parade and will also give six stage performances on the festival grounds. Her stage act will alternate each afternoon and evening, Thursday, Friday and Saturday, with the internationally-known clown Till, whose real name is Pat Mahoney of Vancouver.

Little Miss Howe's amazing sense of balance recently won her the "Western Week" talent contest in Vancouver. She has also appeared on television and performed at the Moulin Rouge night club in Hollywood.

## May be Linked to Murder at Kaleden

### BULLETIN

The home of Frank McDonald was broken into after Mr. and Mrs. McDonald left for work this morning and stole some bread. A cup had also been used to obtain a drink of water. The McDonalds live on Giant's Head Road near the scene of last night's search.

A bicycle has also been reported stolen a short distance from the McDonalds. M. W. Toews reported to the police this morning that a girl's bicycle was missing from his premises. Onl Grunlund, Kettle Valley Road, not far from the scene of yesterday's shooting, has also reported a stolen bicycle to the RCMP.

### By JIM HUME

WEST SUMMERLAND — RCMP officers opened the second day of a search for a veteran woodsman of half Indian ancestry at dawn this morning.

Some 25 police officers, many on horseback and accompanied by tracking dogs, and 50 armed civilians, started into the hills west of Summerland at first light to try and track down John Morrison, aged around 42.

Morrison allegedly shot Corporal Ralph Brown of the Summerland detachment yesterday while being questioned. It is believed he was being asked about the murder of a 28-year-old German girl at Kaleden on Sunday night. RCMP officers still decline to make a definite statement as to why Morrison was being sought, but they have admitted seeking him since Monday morning when the girl was discovered in a Kaleden cabin brutally beaten to death.

Kaleden residents have stated Morrison was fairly well known in the district as a fruit picker and that he had been seen there during the course of the last week.

Morrison is also well known in the Summerland area where he worked last year as a picker. It was during his stay there last year that he told local resident Miss Marion Cartwright that his mother was an Indian woman and that he had been born in the woods at Muskoka, Ontario.

Miss Cartwright said he also boasted at that time of his ability in the woods.

Morrison was last seen in Summerland at 3:30 Tuesday afternoon when he had coffee at the Quality Cafe. He was identified there by Jack Kirk, farm labor placement officer, who reported his presence to the RCMP. Mr. Kirk had been asked to look out for Morrison by police officers earlier that day.

**CORPORAL SHOT TWICE**

It was while following up Mr. Kirk's report that Corporal Brown was shot twice. The first bullet struck him in the right thumb then glanced off his wrist. The second hit just above the right ear then turned to come to rest in the upper neck. This bullet will remain in the policeman's neck for several months.

Within minutes the first policeman arrived and the biggest (Please turn to page 9)

#### APPEARING AT FOUR-DAY PEACH FESTIVAL

Ten-year-old unicycle star, Shelby Howe of 5470 Ash Street, Vancouver, is participating in the 11th annual Penticton and District Peach Festival. She will appear in the parade at noon tomorrow and will be featured in stage appearances on the grounds together with the clown, Fifi. See story on front page.

## Donation of Gratitude For Saving Sawmill

PEACHLAND—This municipality is receiving a donation of \$150 from the Trautman Garraway Sawmill as a token of appreciation for the efforts of citizens and the fire brigade in quelling what threatened to be a devastating fire during the windstorm of July 12.

The money is to be used for purchase of one or more items of fire-fighting equipment. In announcing the donation, Mr. Garraway said his firm felt it was the best way of thanking everyone who helped to battle the fire, which burned over 25 acres near the sawmill. Through extra fire equipment, all citizens would benefit to some degree.

### Rev. W. C. Irvine to Attend Pentecostal Church Conference

The role of Canada as a bridge between nations will be when delegates from nearly 40 nations will attend the Fifth World Conference of Pentecostal Churches in Toronto from Sept. 14 to 21, according to Rev. W. C. Irvine, pastor of the Penticton Pentecostal Church, Bethel Tabernacle, 302 Ellis St.

Mr. Irvine leaves for the conference on August 26. He explains the gathering will have the overtones of a small United Nations in its racial and political diversity. Reservations have been received from nearly 40 nations, 35 U.S. States, and all the Canadian provinces.

The international convocation will begin with a CBC Trans-Canada "Religious Period" network broadcast which will be heard in Penticton at 11:30 a.m., September 14. The broadcaster will be Rev. Thomas Johnston, recently of North Vancouver.

The last Sunday afternoon the rally will be held before an expected capacity crowd of 30,000 in the Grandstand Stadium. The speaker will be Rev. Willard Cantelon, formerly of Nanaimo. This will be the first time such a worldwide conference of the 8,000,000 members of the Pentecostal denomination has been held in North America.

### Oldtimers Thankful For Jubilee Fete

PEACHLAND—The Peachland Jubilee and Centennial committee has received many letters from oldtimers who had attended the celebrations earlier this month, expressing their appreciation for the festivities and reunion.

The committee is to be kept intact until November, when, it was suggested that some entertainment or commemoration may be arranged. Meanwhile the committee will campaign for more exhibitors and possibly some entertainment at the Centennial Fall Fair, to be staged the end of this month.

## New Titles at Local Library

Among new titles recently received and made available to patrons at the Penticton branch of the Okanagan Regional Library, are the following:

#### FOR THE SCIENTIST

Ronald Fraser — "Once Around the Sun" — the story of I.G.Y. 1957-1958. July 1957 to the end of 1958 was chosen as the period of an all-out attack on the current problems of scientific exploration. Ronald Fraser deals simply and imaginatively with the questions man is asking about his environment.

J. Gordon Cook — "Electrons Go to Work." Automation has arrived and electronic devices have made it possible. Electronic devices have made possible the construction of machines that can take over many of the functions of the human brain.

#### THE TROUBLED WORLD

Journey Into Chaos, by Paul Johnson. Mr. Johnson presents a deadly panorama of the weakness and folly of Western policy in the Middle East but ends on a note of hope and encouragement. "Land Without Justice" — an autobiography of his youth, by

In September, when Scouting re-commences, the boys will be asked to definitely set a date for the completion of the signs. If the Scouts are unable to handle the matter the municipality will do so.

#### EXTRA MONEY AVAILABLE

Word has been officially received that under the terms of the recent revision of the Municipal Act, the Corporation of the District of Peachland will be no longer held responsible for the cost of providing social welfare or the administration of justice as of July 1, 1958. This will make considerably more money available for local projects.

Paving in Trepanier is expected to commence about the middle of this month. The Corporation of Summerland has agreed to do the priming; this will be done about August 12, after further widening on some sections of the road is accomplished.

A grant of \$25 to the Women's Institute for the Fall Fair, and of \$50 for care of the cenotaph grounds, was approved. It is hoped that the new curbing at the cenotaph will be completed about Aug. 7.

## CITY & DISTRICT

Wednesday, August 6, 1958 THE PENTICTON HERALD 3

## Naramata Opening Centennial Library

NARAMATA — Naramata is making last-minute plans to honor its early-day settlers at a garden reception Sunday afternoon preceded by the dedication of the community's centennial project, a new library building, at 2 p.m.

Major Victor Wilson will be master of ceremonies at the dedication event and the ribbon will be cut by Mrs. Muriel Foulkes of Kelowna, supervisor of the Okanagan Regional Library.

Immediately following the opening formalities, the honored pioneer residents, approximately 90 in number, will be guests at the tea reception to be held in the garden surrounding the Naramata Lodge, the original Naramata Hotel built at the turn of the century by J. M. Robinson. Later in the afternoon, around 4 p.m., all interested residents of the Naramata community are invited to join the honored guests at the garden reception.

All residents of the community are also invited to the picnic gathering at Manitou Park following the afternoon reception. It will be a basket supper affair as no arrangements have been made to provide refreshments for the occasion.

Arrangements have been made by the committee to provide transportation for any honored guests desiring to tour the Naramata district prior to a display of fireworks and a campfire at the park.

Centennial committee members working with the celebrations arrangements are Philip Rounds, Mrs. Gottfried Morche, W. L. Watson, Mrs. J. Wells-Henderson, Mrs. Victor Wilson, Mrs. Ruth Rounds, Donald Salting, Stuart Berry, Harold Smith, Mrs. R. P. Alcock and Don Nourse.

## NO INJURY IN THREE-CAR PILE-UP ON SKAHA ROAD

Drivers escaped injury in a three-vehicle pile up near the Silver Ridge Motel on Skaha Lake Road, Penticton, Monday night.

The accident occurred when a car driven by Ruth Paulson of 4689 Duffries, Vancouver, stopped to allow children to cross the road.

A truck driven by Leo Douillard of Kelowna crashed into the rear of the Paulson vehicle. The third vehicle, an English car, driven by Richard Mueller, of Lethbridge, was badly damaged when it collided with the truck.

## Bennett Pleased To Help "Sons" Go

VICTORIA (CP) — Premier Bennett said Tuesday the British Columbia government is "very pleased" with a statement by Sons of Freedom Doukhobors outlining the assistance they require to relocate their sect in Russia. "We're giving it study," he said. "I think we've said before we'll do everything in our power to help them."

MOST DANDY CITIZENS At the same time the premier said 99 per cent of B.C.'s Doukhobors are "dandy citizens" and are among the province's best residents. "Only a small proportion cause trouble."

The sect signed a declaration Monday pledging to leave for Siberia if federal and provincial governments would assist the movement.

Attorney-General Robert Bonner said a formal indication of the government's position will be made public shortly. He said it would be reasonable to expect Ottawa to help in sharing the cost.

Quick Recovery Of Stolen Auto A stolen car was quickly returned to its owner by Penticton Detachment RCMP last night.

Joseph Hollis of Cossar Avenue missed his 1955 Plymouth after parking it outside the house.

Two men were later arrested and charged with the theft. Police allege that Frank Leger of Port Arthur, Ont. and Marcel Joseph Tremblay of Three Rivers, Que., leaped out of the car at a road block near Olalla and ran into hiding.

They were placed in the lock-up at Penticton after being apprehended in a creek bed.

Comfort and Hospitality await you at Sandy Beach Lodge NARAMATA (10 miles from Penticton)

Lodge and Cottages located directly on secluded Okanagan Beach - Lawns to water's edge. Dining room overlooking lake open to non-residents for lunch and dinner.

## FOUND IN 5-HOUR SEARCH

## Detonators, Wires Bomb Case Exhibits

KELOWNA, B.C. — An RCMP investigator Tuesday described items such as jars, wire and a brass screw which he said were found in a five-hour search of the home of five Sons of Freedom Doukhobors charged with conspiracy in making explosives.

Sgt. W. G. Lambert testified at the preliminary hearing of the charges that he searched the home of Sam Konklin, 28, and his brother Alex, 26, July 7 and found the items.

He said he had personally investigated "possibly 50 persons" before the five were arrested.

The officer earlier described a pocket watch held by Vernon RCMP which he said had a small brass screw through the crystal at the five o'clock mark, pieces of wire attached to the handle and the screw, and surgical tape across the base.

Sgt. Lambert also told of finding the lid of a sealer jar, some wire and what appeared to be a watchspring at the scene of an explosion at the Willow Inn, Kelowna.

Explosives expert W. A. McKee of North Vancouver examined a dirty jar believed to have contained nitroglycerine. He said he could not be certain it was one which he examined recently in Vernon and which was half full of gelatinized nitroglycerine.

He said the explosive was in "a very dangerous condition" and he advised RCMP that the contents should be removed and destroyed.

Others charged in the case are John Antieff, 24, George Woyk, 22, and John Nazarov, 21. All have elected jury trial.

## Fish Energy Study At Summerland

SUMMERLAND — Dr. E. C. Black of the Department of Physiology, Faculty of Medicine, UBC, is leaving shortly after doing research work at the Summerland fish hatchery during the past month. He has been assisted by two Chinese medical students at UBC who came from Hongkong to Vancouver.

Dr. Black has worked for several summers here investigating fish-power problems. New information regarding the behavior of fish and their energy stores at resting stage and when swimming at cruising speeds, and their capacity for swimming at maximum speeds for brief periods as when in swift water, or when escaping from predators is of vital interest to the sport fish industry in this province.

This industry has been estimated at \$20,000,000 per year. Changes in behavior have been noted for different degrees of exercise and fatigue. Quantitative data on swimming rates and time of recovery after exercise is sparse and does not enable the fish biologist to make practical recommendations to engineers regarding the ability of fish to negotiate swiftly moving water.

Comparative figures on swimming rates under different conditions of temperatures and salinity are urgently needed as well as on such conditions as age, endocrine state, etc.

The particular applications of a knowledge of energy stores and metabolism in fishes following muscular activity as related to problems of fish management, Dr. Black says, would be of great value to fisheries biologists and hydraulic engineers in planning fish ways, etc. An evaluation of the chemical stores of the adult migrating salmon should give useful information in evaluating the success of fish in reaching spawning beds in condition that will permit spawning adequate to maintain the fishery.

Advances in the knowledge of fish physiology are vitally related to the economic problems of handling live fish and moving fish past man-made obstacles.

## Setting a Trend in The Right Direction

Penticton city council, often on the receiving end of critical barbs, comes in for a bouquet this week for its action in recognizing the scholastic endeavors of two young men from Penticton.

Neither young man has sought praise for his work, but that both praise and honor are being bestowed on them is just and fitting.

As Alderman Frank Erout said recently when speaking of one of the young men in particular: "He trained and worked as hard as any athletic

record breaker for the honors he now holds."

That is very true, but unfortunately most of us don't see things that way. The athlete we surround with glamor, the hard working industrious scholar we regard with a mixture of awe and sympathy.

It is refreshing to see our city fathers taking the lead in granting equal recognition to scholar and athlete. And we sincerely hope that they might be setting a trend for the rest of the country to follow.

## A Note for Motorists

This man Webster printed a dictionary long before automobiles were invented. But he must have done a little crystal gazing before he wrote, "INTERSECT — to pierce, divide or cut by passing through or atwart," and "ACCIDENT — an event which takes place without one's foresight or expectation," because that's just exactly what's taking place at street and highway intersections at every point in British Columbia.

Two types of drivers, in particular, are making unnecessarily large contributions to accident statistics. One type thinks, "the big lug wouldn't dare smack me — I've got the right of way."

Some day there will be flowers at his house that he won't be able to smell.

The other type thinks, "he'll wait — and like it! I'm driving a ten tonner." We usually need an acetylene torch to cut this type from the wreckage of the cab.

Honest, don't you get a sheepish feeling when it's obvious that even though the other driver was "primarily at fault," you could have completely avoided the accident by a little forethought?

Remember — just having the other driver found "primarily at fault" is very little compensation for your wrecked vehicle and your broken neck!

## INTERPRETING THE NEWS

### Little Agreement on Summit Objectives

By CLYDE BLACKBURN  
Canadian Press Staff Writer

Date and place for a meeting of heads of the major powers may be agreed upon ultimately. But there seems little agreement anywhere on the specific objectives of such a meeting.

Western powers probably are most interested in arriving at safeguards against any form of indirect aggression — if there can be any agreement on exactly what constitutes indirect aggression.

United States and United Kingdom intervention in Lebanon and Jordan followed claims by the two countries concerned that they needed assistance because of threats to their constituted governments by rebellious groups aided and encouraged from outside.

#### OPINIONS DIFFER

There has been no agreement as to the extent or even the existence of such outside influence in respect of Lebanon where a United Nations observer group has been checking the Syrian border.

If it were true that the Middle East trouble is the result of infiltration and propaganda by outside powers it is probable that would be called indirect aggression so far as the West is concerned.

Soviet thinking would hardly go along with this idea and the top-level conference might end at that obstacle.

On the other hand Soviet Premier Khrushchev has not hesitated to describe the United Kingdom landings in Jordan and the U.S. Marines in Lebanon as aggression.

#### CANADA CONCERNED

It could be expected that at the meeting the Soviet leader would at once demand the departure of the British and American forces from the Middle East and accept nothing less as a preliminary to negotiations.

Canadian interest in the present situation could be accounted for because there is always a hope that some good could be accomplished.

The pundits and statesmen alike seem puzzled as to just what they would propose or hope to obtain agreement on.

There is not complete agreement in the West as to policy in respect of Middle East affairs. On the other side the only opinion that matters Mr. Khrushchev's and possibly that of his friends who run the Chinese Communist republic.

FOR GENERAL GOOD

The Western objective is to bring about peace and security in the Middle East, and elsewhere, so that countries may develop their resources and their societies and continue to do business in an orderly and profitable manner.

That is the objective the Canadian government would like to see achieved and External Affairs Minister Smith stressed last week that economic aid to these countries should be provided to bring about their prosperous development, and particularly to lift their standards of living.

Opposition Leader Pearson agreed but suggested that in the oil-rich countries there should be some assurance that the wealth be spent for the good of the masses and not for the opulence of the few potentates.

## Arabs Worship Nasser as Hero

EDITOR'S NOTE: Gamal Abdel Nasser has grown into the biggest figure in the Middle East. How much of his story is reality, how much is myth? William L. Ryan appraises Nasser's appeal in this article.

By WILLIAM L. RYAN  
AP FOREIGN NEWS ANALYST

Scholarly young Arab intellectuals speak in clear, clipped British accents of the coming rout of the Western foreigner.

Well-heeled young sheikhs in immaculate white robes and kuffiyahs mutter sullen protests against the feudalism which is the source of their wealth.

Palestine refugees cling to their tin-roofed shacks and dream of revenge.

And all look speculatively toward Cairo. For the present, at any rate, Gamal Abdel Nasser is their hero.

This is not because he is Gamal Abdel Nasser. It is because they are in search of a hero. Nasserism need not be the only way out for them.

#### AIDOR COOLING

In fact, Nasser already has passed one peak of popularity in the Arab East. The United Arab Republic's president still has enormous potential for good or mischief. But developments thus far have cooled the ardor of some of his followers.

It is for the West now to recognize that Nasser is only a symbol to most nationalists. His appeal is to a small but powerful

intellectual class which blames the West for its woes.

The peasants of Egypt, the lonely Bedouin nomads of the Arab deserts, the heavily burdened laborers of Iraq know little of politics. If they respond to Nasser, it is because Arab intellectuals have persuaded them to do so with the poetically candored violence of emotional propaganda.

Nasser was a spur to revolution in Iraq. But this did not necessarily mean Iraqis in the future would follow him blindly.

#### GOAD TO REVENGE

Nasser is the goad to revenge among the half million Palestine refugees. But should he attempt to make any accommodation with Israel or be suspected of turning his back on the Palestine question, the refugees will look for a new leader.

The sleek young sheikhs admire Nasser for the moment. Their admiration comes from fury at the spectacle of their own countries still mired in centuries-old feudal backwardness in the midst of oil riches.

I talked with representatives of all these groups — in Iraq, in Saudi Arabia, in fabulously wealthy Kuwait, in Egypt. Everywhere it was Nasser the symbol rather than Nasser the man — the solidarity beacon in what to the young intellectual was a sea of darkness.

In baffling Saudi Arabia, Western — educated and rich young Bedouins are affected by Egyptian propaganda and have persuaded themselves some of their oil riches might better be used for Arabism than for perpetuating the royal house and its innumerable princes.

#### FEET OF CLAY

The Iraqis would follow the Nasser symbol, too. But to some, even Nasser is proving to have feet of clay. Some told me they were not so sure as they were two years ago that all Nasser stands for is right. The swiftness with which Egypt swallowed Syria shook their faith in their hero. This was not the sort of Arab unity they had envisioned.

Even in Egypt, young men are stirring. The little middle class concentrated in the cities is unhappy. Egypt's economy is in woeful condition.

The impression one gets, after an extensive fact-finding tour in an area where facts are scarce, is that Nasser need not be the only answer. However illogical they may appear to Westerners, the yearnings of these young men have important bearing on the West's future in the Middle East. Thus far, the West has offered nothing to take the place of Nasser.

## Nuclear Weapons To Repel Thrust

By BRIAN KENNEDY

TOKYO (Reuters) — Any new provocation in the Far East must mean an immediate, deep-thrust retaliation against mainland targets with nuclear weapons. This was the conclusion of Allied military officers who met here to discuss the present disposition of Communist and non-Communist forces in the area.

This is the military line of thought on the fifth anniversary of the armistice in Korea, signed at Panmunjom July 28, 1953.

There is still no peace in Korea, only the military armistice with large forces facing each other across the slim demarcation line. According to official sources, the Russian, Communist Chinese and North Korean air forces have at least 9,000 front-line fighters and bombers in the immediate area.

#### CHINESE PLANES

The Communist Chinese are reported to have about one-third of the total, while North Korea is estimated to have at least 860 front-line aircraft of which about 600 are jet fighters of the latest Soviet design. In manpower, the North Korean air force has been increased from 19,000 men five years ago to 32,000 men in April of this year.

Allied officers here declined to discuss how many aircraft the United States could assemble in the Far East. However, the most reliable reports say that the total is "far below" the strength which the Communists can muster.

Most officers said that the numerical and geographical factors which would favor the Communists in any major struggle could be offset by a fast, hard-hitting Allied attack; by the effective use of aircraft and weapons; and by the use of superior United States naval units in Far Eastern waters.

The Communist Chinese army in North Korea was estimated at 89,000 men in June, 1953, a total which had decreased to about 304,000 men just before the Chinese announced the beginning of the complete withdrawal of their forces from Korea in April this year.

The North Korean army has been estimated by the South Korean defence ministry at 339,000 troops, plus 86,000 men in the national militia force.

Against these forces, South Korea has 20 divisions totalling approximately 300,000 men. There are also about 80,000 Allied troops, mostly American, serving alongside the South Korean army in positions guarding the 155-mile front line north of Seoul. Additional American and British troop reinforcements could be flown in from Okinawa and Hong Kong if necessary, according to Allied officers.

#### FORCES REORGANIZED

Most of the South Korean forces are at present being reorganized to prove their firepower, mobility, communications and capability.

The South Korean air force is considered negligible since it consists of older-type jets, a few squadrons of propeller-driven aircraft, and a number of light liaison and artillery spotter aircraft, plus some transports.

American military sources believe that the United States has a definite superiority in naval forces in the Far East. The American 7th fleet, maintaining a constant patrol off Formosa, is reported to be "atomic capable." The fleet includes a number of aircraft carriers as well as powerful cruisers.

Communist naval strength, with the exception of Soviet naval units, is reported to consist of a few small North Korean frigates and patrol boats, while the largest Chinese units were described by one naval officer as heavy destroyers.

It has been reported that the Chinese recently have been equipped with a number of Soviet submarines.

The announced withdrawal of Communist forces from North Korea is not expected materially to change the present military situation. Most Chinese units are expected to take up positions just north of the Yalu River, which separates Korea from Manchuria. From there, they could move back into their old battle positions in a few days.

## France Boosts Airport Size

PARIS (Reuters) — More than area one-fifth as large as Paris 36,000,000 francs (\$36,400,000) will be spent on Paris' two main airports, Orly and Le Bourget, in the next two years in a bid to make them among the most modern in the world.

By November this year, 150-passenger jet airliners will be flying from New York in six hours to Le Bourget, the airport where 31 years ago Charles Lindbergh ended the first non-stop New York-Paris flight.

A helicopter service to take passengers from Le Bourget into Paris and a huge hangar measuring 528 feet by 18 feet are planned.

More spectacular changes are planned at Orly, which by 1960 will have tripled its staff to a total of 30,000. Swallowing up farms, it will spread over an

area one-fifth as large as Paris itself. A 6,000-ton steel and glass terminal building will straddle the main roads to Fontainebleau, Lyons and Nice. Cars will pass underneath the building and under parts of the airstrips where 150-ton aircraft will be parked.

The terminal will have streamlined baggage and customs facilities, a hotel, a movie theatre and a shopping centre. There will be four airport restaurants.

Only will have its own heating and lighting plants, and oil will be piped into the airport underground.

In 1946, a wooden hut was the only protection that Orly offered passengers during a cold, post-war winter. By 1960, Orly will cater for 4,000,000 passengers a year, and that total will be doubled by 1970.

Britain and the United States appear determined to go to the summit only within the UN. Their main hope of getting out of Jordan and Lebanon is that some formula will be found whereby the UN will undertake to police the two countries, allowing a face-saving withdrawal of British and American troops.

#### FORMOSA UNWELCOME

Ironically, it is the longstanding refusal of the United States either to recognize Communist China or allow her admission to the United Nations that may prevent an early withdrawal of the Marines now in Lebanon.

Western diplomats in London interpret the communiqué's wording on the summit proposals as indicating Mao prevailed on Khrushchev to reject a meeting within the UN on the grounds this would entail sitting down with Formosa's Nationalist government.

Diplomats in London recall that on the day Khrushchev announced his acceptance of the Western proposals for a meeting within the Security Council, radio stations in Communist China were criticizing the plan.

#### TWO SUMMITS

There is some fear in Britain that the latest development may lead to a meeting of Western and Communist leaders.

In the British view, summit meeting on the Middle East should only be the forerunner to a second meeting to discuss world problems in general.

## Students Jeer Dulles as Talks Open in Brazil

RIO DE JANEIRO AP) — State Secretary Dulles began talks with Brazilian leaders Tuesday after a handful of students marred the United States foreign minister's welcome briefly with jeers and a "go home" banner.

Dulles' program for the first full day of his 60-hour Brazilian visit included talks with Foreign Secretary Francisco Negro de Lima and a meeting with President Juscelino Kubitschek.

The Brazilians were most interested in what Dulles would have to say about coffee, their chief export crop, and U.S. aid in developing Brazilian oil resources.

#### PRESSURE INCREASED

Dulles indicated in an airport statement on his arrival that his mind was on the cold war and the Middle East. And at the U.S. Embassy here, he told meeting staff that "the days today are particularly critical; there is an effort to exert pressure perhaps more intense than during the last three or four years."

## TALK OF THE VALLEY

### Not Hangovers, but Plain Hard Work

That sleepy look in many a young and old eye these mornings shouldn't be judged as signs of carousing.

Most people fighting a losing battle with weary eyelids when they get up in the morning are volunteer Peace Festival workers who, after completing their regular work for the day, do a stint of heavy duty on the Festival grounds.

It's a no-pay proposition and up and to the daily round and common task the next day. Funny thing is that most of them

do what they're doing willingly and happily.

**FIRE-BUG**  
Wonder if there is any connection between the plague of fires at Penticton and the stupid attempt at arson at the Four Square Gospel Church on Main Street?

Penticton has been trying to track down the would-be sensationalist who in the past few weeks has lit no less than six fires in the area.

The latest was an outbreak near the old Penticton box factory.

At the Main Street church a fire had been attempted with hymn books for kindling. RCMP officers anywhere in the Valley would appreciate a tip if you have any suspicions. An arsonist cannot be smiled at, however minor his offences may be. It only takes one small fire to grow into a conflagration.

**Pressure Building Up for Resignation Of Lebanese Cabinet**  
BEIRUT (Reuters) — Pressure built up today for the resignation of the Lebanese cabinet before the end of its term Sept. 23.

Adel Ouseiryan, speaker of the Chamber of Deputies, had a meeting scheduled with President Chamoun today to pass on the views of several members of the chamber who are pressing for the immediate resignation of the cabinet.

**TOURIST WELCOME**  
On the same basis the RCMP will always welcome a tip on car prowlers.

Lawrence Crump of 756 Forestbrook Drive lost a camera and a pair of binoculars from his car while it was parked at the airport.

These things usually come in waves until the particular petty criminal is apprehended.

It's worth remembering that nothing sours a tourist so quickly as the theft of valuables from a car he leaves parked close to the beach or on a city street.

And it isn't a matter of being a police informer. It's just sound common sense to help out the RCMP and the general public by reporting such matters.

**OLIVER WATER**  
Down in Oliver the water supply is holding up well. The long hot and dry spell hasn't affected sprinkling regulations as yet.

Water project manager Frank MacDonald says supplies so far are adequate.

**MIDNIGHT OIL**  
Not quite midnight oil, to tell the truth, but close enough.

Summerland council put in quite a few hours of unpaid overtime last night working on community matters.

While the streets below the municipal offices milled with armed policemen and members of the man-hunting posse the council ploughed through the work on hand.

Just another night of work most of us fail to realize is being done.

### ROYAL VISITOR AND ESCORTS

Queens and princesses from many communities will converge on Penticton today to participate in the various events planned for the gala four-day Peach Festival which opens tonight with the coronation pageant in the Peach Bowl at Queen's Park. Following the crowning of the new festival queen, the royal representatives and escorts

will be entertained at a party and the Queen's Ball to be held in the Jubilee Pavilion. Three of the young people who will join in the celebrations are shown above, Queen Elsie Karlstrom of Summerland, with escorts, Boyd Mather, left, and Bill Loughheed, both of Penticton.

### PEACH FESTIVAL

## Royal Visitors Will Participate In Gala Community Celebrations

Royal groups representing communities as far north as Prince George; west to Abbotsford and south of the international boundary into Washington State will converge on Penticton this week to participate in Peach Festival events and to be guests at a number of social functions.

More than thirty lovely young visiting queens and princesses will join Queen Val-Vedette Maureen Pritchard, and her princesses Kris Tillberg and Sharon Vagg, in celebrating at events featured for B.C.'s Centennial year Peach Festival.

They will form part of the colorful procession preceding the coronation ceremonies this evening in the Peach Bowl at Queen's Park. Following participation in the coronation pageant, they will be entertained at a party to be held at the home of Mr. and Mrs. Gordon Shickle, the Redlands, prior to the Queen's Ball in the new Jubilee Pavilion.

#### LUNCHEON PARTY

Following the festival parade at noon tomorrow, the royal group will be guests at luncheon in the Hotel Prince Charles prior to visiting the Penticton Hospital and later attending the Queen's Tea at the home of Mr. and Mrs. George E. Lang, Lakeshore Drive.

Mrs. Allan E. Mather and Mrs. Juan Paddy, members of the Women's Auxiliary to the Peach Festival Association, are in charge of visiting royalty during their stay in this city.

Among those who have accepted invitations to participate in the 11th annual Peach Festival events are the Naramata Peach Princess, Judy Littlejohn; Oliver Apricot Fundae representatives, Queen Lynn Reid and princesses Marianne Siedler and Dianne Miller; Summerland royalty, Elsie Karlstrom and princesses Gail Renny and Susan Lauer; the Peachland - Westbank representatives, May Queen, Brenda LeDuke, and princesses Kathy Ingram, Jeannie Knobloch and Claire Stafford; the Okanagan Falls representatives, Queen Nonnie Thompson, princesses Susan Emerson and Mae Moriarty; the Keremeos Rodeo royal visitors will be Queen Vicki Pitt and princesses Beryl McKay and Violet Schneider, while those from the Kelowna International Regatta will be Lady of the Lake, Heather Watson, and princesses Joyce King and Nancy Terai.

#### VISITORS FROM DISTRICT CENTRES

Those coming to Penticton from the distant centres are Miss Lynn Alexander, Queen Aurora 1, Queen of the Evergreens from Prince George; Miss Irene Fedje, as Miss Abbotsford; Queen of the Fair Sharon Ritz and princesses Myrtle Latrielle and Bonnie Miller, representing the Rock Creek and District Fall Fair, and royal visitors from Washington State, Colorama Queen of Lights Peggy

Brown and princesses Myrna Miller and Brenda Kale, representing the Grand Coulee Dam Colorama Festival of Lights.

### PEACHLAND

The P-TA carnival drew quite a good crowd on Friday evening following the softball game between Penticton "Texacos" and the Peachland "Royalties", with the latter team going down to defeat, 8 to 2. Prior to this game the two teams were tied for second place in the league. The resulting score means that three of the semi-final games will be played in Penticton and two, at home in Peachland.

Instead of an auction, as in previous years, a rummage sale was featured and bingo was very popular. Home made pies and coffee were served. The proceeds from this event are used for the swim class expenses, which the P-TA sponsors each year.

Mr. and Mrs. Charles Houghtaling, popular operators of the Royalite garage for the past four years, are retiring from the garage business and have leased the Royalite Super Service to W. Stach, who took over operation the first of August.

Mr. and Mrs. Houghtaling came to Peachland from Jasper Park and have made a great many friends in the community during the time they were in business. They expect to leave on a holiday trip, very soon, that will take them to Calgary, Dawson Creek and Jasper Park.

Rev. and Mrs. R. B. Gibson, former residents of Peachland, now living in Carlsbad, Alta., are visiting in the district while staying with Mrs. W. D. Miller.

Mr. and Mrs. Charles Carpenter of Tucson, Ariz., are visitors at the home of Mr. and Mrs. C. Highway.

Glenn Carpehter of Vegreville, Alta., has been visiting his sister, Mrs. F. E. Witt.

Visitors at the home of Mr. and Mrs. A. Lowry for the past two weeks were the latter's parents, Mr. and Mrs. E. L. Mungatroyd, and her brother-in-law and sister, Mr. and Mrs. George Carthage, all from Rocky Mountain House.

Mr. and Mrs. Archie Spence have had their two daughters and children for a holiday visit, Mrs. Duncan May, with Ronnie, Randy and Happy; Mr. and Mrs. Fred Hudson, from Lulu Island and Burnaby, respectively.

### Unfitted Silhouette Still Favored in New Autumn Styles

Although the word "chemise" has disappeared from the fashion vocabulary for fall, the unfitted silhouette is still with us, in many versions. Most important is the high-waisted, empire line, also called directoire and Josephine. This is interpreted in various ways, from the slender tube dress with band, belt or bow just below the bust, to graceful, flowing silhouettes with high-placed sashes or drawstrings.

The trapeze also is present in the fall fashion parade, seen in dresses, coats and suits, the line flaring smoothly from shoulder to hemline. New fall suits show short, unfitted jackets sometimes ending above the waist, never longer than the hipbone. The exception is the new "walking suit," which has a bulky three-quarter length coat worn with a slender skirt and co-ordinated overblouse. In most cases suit skirts are attached to a bodice, to give the important high-waisted, loose-fitting line.

## Women

LORNA J. MITCHELL, Social Editor

Wednesday, August 6, 1958 THE PENTICTON HERALD 5

### AROUND TOWN

## September Wedding For Lois Campbell

Your social activities are of interest to your neighbors and to us. If you spend time in other centres or have guests from out of town, please call the Women's Editor at 4002 and tell her about it. Weddings, christenings, showers and parties of all kinds make interesting reading for you and your friends. There is no charge to print such items in the Penticton Herald.

A late-summer wedding of wide interest is foretold with the formal announcement by Mr. and Mrs. R. F. Campbell of the engagement of their only daughter, Lois, to Dr. Kenneth Kirkwood of Vancouver, son of Mr. and Mrs. William Kirkwood of Paisley, Scotland. Rev. A. R. Eagles will perform the evening ceremony September 6 in St. Saviour's Anglican Church.

The bride-to-be, who is a graduate of St. Paul's Hospital School of Nursing at Vancouver, class '57, will have Miss Beth Howden as her maid of honor, while Miss Flora Starcevic, will be her bridesmaid.

Mr. Robert Dyer of Vancouver will be best man for Dr. Kirkwood, who has just completed his internship at St. Paul's. The groom-elect is a graduate in medicine from the University of Edinburgh.

Former residents, Mr. and Mrs. Eric Lewis, with Janet and Clare were here from Mission as weekend guests with Mrs. Lewis' aunt, Mrs. E. G. Preere, and Mr. Frere, Government Street.

Mrs. Jack Armstrong with baby daughter Lori of Shawinigan, made a short visit in Penticton this week with her uncle and aunt, Cpl. T. W. Giholm, RCMP, and Mrs. Giholm, Winnipeg Street.

Mr. and Mrs. Pearl Verville and children, Donald, Jan and Heather, left today to return to their home at Healdsburg, California, after visiting for several days with the former's mother, Mrs. J. Verville, Orchard Avenue.

Mrs. P. C. Armstrong of Aldergrove is a guest in Penticton with her son-in-law and daughter, Mr. and Mrs. M. P. Finnerly, and family.

Following a holiday trip abroad, Miss Ann Maureen Cooper of Vancouver arrived in Penticton Monday evening to visit

her parents, Mr. and Mrs. J. Connell Cooper, Poplar Grove. Miss Cooper will spend several days here prior to returning to the coast to resume her duties as instructress of obstetrics at St. Paul's Hospital.

Former residents, Mr. and Mrs. Sam Orr and Gary are visiting in Penticton with Mr. and Mrs. C. E. Laughlin.

Mr. and Mrs. Cameron Very with Maureen Jacqueline and Dennis have returned to their home at South Burnaby after visiting in this city with Mr. and Mrs. L. J. Rees, Duncan Ave.

Other guests who arrived Monday to spend two weeks with Mr. and Mrs. Rees were, Mr. and Mrs. Cecil Munro with their two children, Joanne and Warren, of South Burnaby.

### New Dressings Add Interest to Salads

Have you taken a rating of the salads you've served your family lately? Have they been crisp, attractive and varied with ingredients and dressings so that the diners await each one with eager anticipation? That's the way your salads should be you know and that's the way your salads can be with a bit of planning and imagination. It's easy to prepare the same old salad with the same old dressing day after day, but it's just as easy to use novel combinations and try new dressings for flavorful salad surprises.

The tossed salad is always popular and with western-grown iceberg lettuce so plentiful, you will want to serve this type of salad often. But vary it... use other greens for color contrast, tuck in slices of avocado when they are a "best buy," or add a few slivers of cheese or leftover cold ham, turkey or salami. Then take advantage of all the many dressings on the market or experiment with some of your own ideas, such as sour cream mixed with lemon juice, chopped green onions, salt pepper and sugar.

Remember too the many tempting gelatin salads you can prepare. When making your salads try a variety of molds such as the large ring, individuals or perhaps those especially shaped, as a tuna souffle salad in a fish mold. Unmold your salads on crisp lettuce leaves and garnish with fresh vegetable curls, olives, nuts, fresh fruit slices for greater appetite appeal.

Cabbage slaws are another area where the cook too often is limited in serving ideas. Try adding fresh orange chunks, pineapple cubes, grapes, nuts, experiment with a sesame seed dressing or perhaps you'd prefer a hot cabbage slaw, with a sweet-sour dressing. Don't neglect the many mouth-watering fruit salad combinations you can serve... a honey dressing or a sweet celery seed dressing shines in this department.

#### MOLDED VEGETABLE SALAD

2 cups finely-shredded cabbage  
1 1/2 cups finely-chopped celery  
2 cups shredded carrots  
1/2 cup chopped green pepper  
2 tsp. sugar  
1/2 cup wine vinegar  
2 tsp. gelatin  
1 cup cold water  
2 1/2 cups tomato juice, hot  
1 cup lemon juice  
1 tsp. salt  
1 tsp. pepper  
1/2 tsp. dry mustard  
2 tsp. grated onion

METHOD: Combine cabbage, celery, carrots and green pepper. Marinate in sugar and vinegar for 1 hour. Soften gelatin in cold water and dissolve in tomato juice. Add lemon juice, salt, pepper, mustard and onion. Drain raw vegetables and add to gelatin mixture. Pour into 1 quart ring mold and chill until firm. Unmold on crisp lettuce leaves

#### CHEF'S SALAD

1 1/2 cups cooked broccoli, drained and cooled  
1/2 head iceberg lettuce  
1/2 cup chopped scallions  
1/2 cup chopped celery  
1/2 cup cubed Swiss cheese or Jack cheese  
1 2 1/2 oz. jar of dried beef shredded

Dressing:  
1/2 cup salad oil  
1/2 cup wine vinegar  
1/2 teaspoon paprika  
1 clove garlic  
1/2 teaspoon pepper  
1 teaspoon Worcestershire sauce

METHOD: Combine all ingredients for dressing; shake well and pour over cooked broccoli. Let marinate for at least 2 hours. Drain. Sauté dried beef until crisp, drain on absorbent paper and cool. Combine all ingredients as desired. Serves 4.

#### FRUIT SALAD ON ICEBERG LETTUCE

Arrange segments of orange, grapefruit, unpeeled apples and avocados on lettuce; serve with lemon French dressing. (Scuff canned peach halves with grapes, fresh pear halves with cream cheese, roll banana halves in chopped nuts and arrange all on platter of Iceberg lettuce.)

### TAILORED FOR TRAVEL

By VERA WINSTON

The shops are bright with all sorts of fine ideas for warm-weather travelling, ideas such as this shortie pajama set. Of pin-stripe cotton in candy colors, it dips dry without benefit of pressing. Tailored, it has the new low-belted chemise look. The little trunks come half-way down the thigh. The belt is set in and there is an inverted pleat in back of the blouse.

### WIFE PRESERVERS

To insure its cleanliness, rinse a new bottle or carton of milk under cold running water and dry it before storing in the refrigerator. Milk should be kept clean, cold, covered and dark.

## A gala dessert: Pineapple Whipped Cream Roll

Measure into sifter  
3/4 c. once-sifted all-purpose flour  
or 1/2 c. once-sifted pastry flour  
1 tsp. Magic Baking Powder  
1/4 tsp. salt  
Beat until thick and light  
3 eggs

Gradually beat in  
1 c. granulated sugar  
Stir in  
1 tsp. grated orange rind  
1/2 c. orange juice

Sift in dry ingredients, part at a time, fold lightly. Turn into greased jelly roll pan lined with greased waxed paper. Bake at 375°, 15 mins. Sprinkle towel with fruit sugar. Turn out hot cake on towel; peel off paper, trim edges; roll up in towel. Cool.

Prepare 1/2 c. drained canned crushed pineapple, 1/4 c. toasted coconut, 1 tsp. chopped maraschino cherries. Soften 1 1/2 tsp. gelatin in 1 tsp. water; melt over hot water. Cool. Beat 1/2 pint whipping cream until thick; add gelatin; beat until stiff. Beat in 2 tbsps. granulated sugar.

Add 1/4 tsp. vanilla or rum flavoring, 1/4 tsp. grated orange rind, prepared fruit, coconut. Unroll cake, spread with filling; re-roll. Chill several hours or overnight. Yield, 8 to 10 slices. For finest baking results use Magic.

### MISSILE FIRE LOCATOR

These two gadgets comprise the aerial missile fire locator. The box-like device on the ground is dropped by parachute at the scene of the fire and gives out signals which are picked up by the looped antenna to direct firefighters to the exact location.

### Formosa on Special Alert

TAIPEI, Formosa (AP)—Civil air defence units and police on Formosa were on a special alert today because of increased Communist air activity on the Chinese mainland opposite Formosa.

## Wheat Supplies Drop, But Crisis Not Over

By HAROLD MORRISON  
Canadian Press Staff Writer

OTTAWA (CP)—Canada's wheat supplies next fall may drop to about 900,000,000 bushels, down 200,000,000 from last year's record, but that won't mean the wheat crisis is over.

Qualified federal authorities estimate it may take another year of "hard" selling to get Canada's wheat surplus into a manageable position. They are confident they can put that sales drive over despite a near-record crop in the United States and reports of good crops in Europe.

Envisaged in future sales is the hope of concluding another wheat contract with Russia and that Communist China will step up her initial purchases in this country. A Canadian wheat board delegation would be prepared to visit Peking if invited by the Red Chinese.

### U.S. EXPORTS SLIPPING

The most heartening factor to Canadian grain salesmen is that exports have climbed at a time when those of the United States—Canada's main competitor—have slipped. The concern is that with U.S. prospects of harvesting a near-record 1,300,000,000 bushels this fall, the American administration may come under heavier congressional pressure to boost exports, creating greater competition against Canadian shipments.

Figures on exports for the last

fiscal year which ended July 31 have not yet been released. But it appears likely they total about 315,000,000 bushels or so, higher than Trade Minister Churchill's target of 300,000,000 and well above exports of 262,000,000 in the previous year.

In the first 10 months of the last crop year, while Canada's exports rose to 259,800,000 from 214,300,000, those of the U.S. dropped to 319,000,000 from 448,400,000.

On this basis, it would appear that Canada entered the new crop year on Aug. 1 with a carryover of perhaps 600,000,000 bushels, compared with last year's peak carryover of 729,500,000. The official figure on the carryover will be published Aug. 20.

### CANADIAN CROP SAMPLE

Still questionable is the amount of wheat Canada will harvest this year. Wheat board chief W. C. McNamara has estimated the Prairies will produce a below-average 300,000,000 bushels or so. It seems likely total production will reach about 320,000,000, less than half the record 702,000,000 in 1952.

It would be the second consecutive year of low crops. Last year's production totalled 370,500,000, compared to the 10-year 1947-56 average of 486,000,000.

The drive this year will be to export another 300,000,000 bushels. This together with domestic needs of some 160,000,000 would bring total sales to 460,000,000 and perhaps reduce the July 31

1959 carryover to 540,000,000 or so, the lowest in four years.

Efforts will be exerted to renew the three-year International Wheat Agreement which expires in July, 1959. Canada will vigorously oppose any drop in the current minimum price of \$1.55 a bushel. There is a feeling here there will be greater success in future bargaining, producing a world pact greater than the relatively small 295,000,000-bushel present agreement.

### MORE U.S. ENTHUSIASM

On this point Canadian officials feel the U.S. has swung around to the view there is merit in commodity agreements as a means of fighting the Soviet economic offensive. The U.S. was considered lukewarm in approaching negotiations in the last pact. She may be more enthusiastic when new negotiations roll around, initially next fall and later next January or February.

Canada's three-year wheat pact with Russia, under which Russia agreed to take about 14,000,000 bushels a year, expires next February. The hope is that the contract will be renewed but officials here feel the best approach is to let Russia make the first move.

As for Red China's purchase of some 5,500,000 bushels of Canadian wheat in the last crop year, Mr. McNamara has told a Commons committee the board intends to pursue sales vigorously to that country of 600,000,000 persons.

### SKY TEAM

Flying above the Naval Air Test Centre at Patuxent, Md., a North American FJ-4B Fury (top) refuels at McDonnell F3H-2N Demon, which in turn refuels a Douglas A4D-2 Skyhawk, which at the same time refuels another A4D-2 Skyhawk.

### Movie Tycoon Hurt in Crash

CANNES, France (CP)—Jack L. Warner, pioneer American film tycoon, was seriously injured Tuesday in a collision as he drove his sports car home from an all-night session at the Casino in Cannes.

Warner was taken to a hospital in Cannes with head injuries. The hospital reported he was in a coma.

Warner, 66-year-old president of Warner Brothers Pictures, is one of the four brothers who started with a small Pennsylvania movie house in 1903 and built a multi-million-dollar film empire. The oldest of the four, Harry, died 10 days ago in California. Sam died in 1926. Albert is the other brother living.

### OBITUARIES

By THE CANADIAN PRESS

Mexico City—Julio Villarreal, 73, one of the first Spanish-speaking actors to make a talking movie in Hollywood.

Victoria—Warren Hilton, 83, noted United States psychologist who was financial adviser to a number of large U.S. corporations.

Saskatoon—Dr. Thomas K. Pavlychenko, 66, agricultural research scientist whose Ukrainian courses at the University of Saskatchewan resulted in the establishment of the department of Slavic studies there.

### SINGER HURT IN STAGE DUEL

SYDNEY, Australia (CP)—A man wearing the uniform of a corporal of the Spanish army of the 1870s limped into the casualty ward of a Sydney hospital and blurted out:

"I've been injured in a duel but I have to go back and sing. What can you do for me?"

The wounded man, Raymond Nilsson, had been playing Don Jose in Bizet's Carmen at the Elizabethan Theatre. In act II, during a stage duel, a supposedly blunted sword proved too sharp.

Nilsson was treated for a wound in the foot, then hurried back to the theatre. He sang his final aria. Then—still in costume and grease paint—hastened back to the hospital for further treatment.

### U.S. Envoy Starts Talks With UAR

CAIRO (CP)—Robert Murphy, President Eisenhower's special envoy to the Middle East, today began talks with officials of the United Arab Republic.

Murphy, United States deputy undersecretary of state, and Ambassador Raymond Hare met first with Aly Sabry, President Nasser's chief political adviser. Nasser and Foreign Minister Mahmoud Fawzy were expected to join the talks later.

## PETER TOMLIN'S SPORTS DIARY

Results of the balloting for the Okanagan Mainline Senior Baseball League all-star team have been announced by league secretary Bob Hall.

Two Penticton players placed on the Southern Division's first team and three others made the second squad. In addition, Lloyd Burgart, Red Sox coach, will coach the south squad.

Burgart and Doug Moore, flashy Red Sox first baseman, were selected for the first all-star team. Others on the dream squad were Jack Burton of Summerland, catcher; Jack Wheelhouse of Oliver, at second base; Richie Snyder of Oliver, third base; Gordie Taylor of Summerland, Bruno Ceccon of Princeton and Johnny Lingor of Oliver in the outfield. The pitcher is Al Hooker of Summerland.

Players for the south team were selected from Summerland, Penticton, Oliver and Princeton.

Second team members are Allan Richards, catcher; Anderson of Princeton at first base; Paul Eisenhut of Oliver at second; Princeton's Dan Pinske, shortstop; Ollie Egley, Summerland at third base; Doug Weeks, Oliver; Elroy Jacobs, Oliver and Gordie Mundle, Penticton, in the outfield. Jack Durston of Penticton is the pitcher.

Northern Division team members are Stan Kato (Jay Rays) catcher, Keith Buchanan (Okonots) first base, Frank Fritz (Kelowna) second base, Bill Lennox (Jay Rays) shortstop, Bob Sakofsky (Okonots) and Joe Kaiser (Kelowna) tied at third base, Bob Campbell (Kelowna), Bill Martino (Kelowna) and Jack Fowles (Okonots) outfield. The pitcher is Vernon's Tony DeRosa.

Second team is John Culos (Kelowna) and Bob Anderson (Okonots) catcher, Hank Tostenson (Kelowna) first base and coach, Jones (Okonots) second base, Len Fowles (Okonots) shortstop, Adams (Vernon) third base, Huber (Okonots), Dan Kuroni (Jay Rays), King (Okonots) and Takenaka (Jay Rays) outfield. Len Gatin (Okonots) is the pitcher.

The game is scheduled for Elks Stadium in Kelowna at 6:30 p.m. Wed., Aug. 13.

All-star teams were selected by coaches in each division. Each coach selected individuals for first and second teams. A first-place vote was worth two points and a second-place vote worth one. Players with the most points at their position made the first team and runners-up made the second team.

While pitchers were named to the lineup, the coaches may name their starting pitchers. All other players on the first team must play at least the first three innings of the game.

The unanimous choices for the squad were Keith Buchanan, Bill Lennox, Bob Campbell, Bill Martino, Jack Fowles, Lloyd Burgart, Gordie Taylor, Bruno Ceccon and Al Hooker.

### TORONTO LASS PULLS UPSET

## Younger Golfers Do Well in Open

By JIM PEACOCK  
Canadian Press Staff Writer  
SASKATOON (CP) — Gail Harvey, a sharp-shooting 15-year-old from Toronto, turned the only real upset of the Canadian women's open golf championship Tuesday, but two other junior players survived the first round of match play and seven more gave a good account of themselves.

The results indicated future competition among Canada's female golfers will be of high calibre and reminded the favorites in today's second round that they can't rest on past laurels. Miss Harvey won the national junior title at the Saskatoon Golf and Country Club last Saturday and was one of four players among more than 160 competing to equal par 76. She now is the youngest survivor in the championship flight of the Open.

She scored a 3 and 1 victory Tuesday over veteran Mrs. Graeme Pyke of Montreal, a member of the Quebec Interprovincial golf team nearly every year since 1950.

Joining her among the 16 in the second round are juniors Suzanne Foulds, 17, of Vancouver, and Jackie Moro, 19, of Burlington, Ont. Miss Foulds defeated Vancouver veteran Mrs. M. Hutton-Potts 2 and 1 while Miss Moro knocked out fellow junior Lynn Chaplin of Montreal 4 and 3.

The favorites, including defending-champion Betty Stanhope of Edmonton, last year's runner-up

Mary Gay of Calgary, Mrs. Marlene Stewart of Toronto and Rae Milligan of Calgary, survived Tuesday's round, too, but at least two of them faced stiff opposition from juniors.

Rita Lohmes, 19, of Lunenburg, N.S., came from behind to scare Miss Stanhope before losing 2 and 1 on a missed nine-foot putt at the 17th hole. Gayle Hitchens, 14, of Vancouver took Miss Gay to the 17th before losing 3 and 1.

MARLENE WINS ON 14TH

Mrs. Streit, who took medalist honors in the interprovincial team play last week and again in Monday's qualifying round, ended her match at the 14th hole, defeating junior Margaret Kiggins of Winnipeg 5 and 4.

Miss Milligan ended her match faster than any other competitor in the championship flight, whipping the only United States player, Mrs. W. Thorpe of Seattle and formerly of Saskatoon, 7 and 6.

Mary Darling of Montreal and Jo-Anne Percy of Winnipeg, two other juniors among the 32 championship qualifiers, went down fighting, Miss Darling losing 2 and 1 to Mrs. Robert Lyle of Montreal after dropping a four-up lead and Miss Percy losing one up to Mrs. W. H. Barclay of Saskatoon.

Judy Darling of Montreal, the 1957 national junior champion and at 20 three years older than sister Mary, trimmed the other qualifying junior, Lynne MacDonald of Brandon, 6 and 5.

## Phoenix 1 Game In Front

By THE ASSOCIATED PRESS

The Phoenix Giants moved into a full game lead in the Pacific Coast League last night, beating Sacramento while second-place Vancouver and third-place San Diego both were losing. The latter a twin bill.

The Giants pounded out 13 hits, including three by Bob Prescott, in downing the Solons 9-6. Vancouver's Mounties took it on the chin 6-5 from Spokane and San Diego absorbed 3-2 and 5-4 defeats at the hands of Portland.

In the other league game, the Salt Lake City Bees whitewashed the Seattle Rainiers 3-0 on Eddie O'Brien's six-hitter.

Prescott drove in six runs with a three-run homer in the fourth, a one-run single in the seventh and a two-run double in the eighth. Carlos Paula drove in three runs for the Solons in the seventh with a home run.

Dom Zanni, who worked seven innings for the Giants, was the winner. Floyd Ross, the third of four Sacramento hurlers, was the loser.

The Mounties and Indians both had five-run frames, the Indians in the third on six hits, a walk and an error and the Mounties in the fifth.

Dick Scott, failed in to put the stopper on the Mounties in the fifth, choked off the rally and then blanked them on two hits the rest of the way to win his third game against one loss. The winning run came in the fifth on Jim Gentile's double and Glen Gorbous's single.

Portland whipped the Padres in the opening game with a three-run fourth inning. The first run scored on Dave Melton's double and Bob Di Pietro's single. George Freese then chased in Di Pietro with a two-run homer. The Pads got singletons in the third and seventh innings of the abbreviated game.

In the nightcap, a perfectly executed squeeze bunt by Di Pietro in the last of the ninth let Bob Garber charge home from third with the winning run. Melton got a solo homer in the first inning.

O'Brien, who first won athletic prominence as a basketball player at Seattle University, let 13 men reach base on him but the Rainiers couldn't get anyone to make the complete circuit.

The Bees got a solo homer out of Pete Naton, in the fourth, and Carlos Bernier, in the seventh. The other Salt Lake City run scored in the sixth on a single by Ken Toothman and Jim McDaniel's triple.

### LISTON, BETHEA MEET

Sonny Liston of Philadelphia strives for his 19th victory in 20 boxing bouts against New York's Wayne Bethea tonight.

The 10 - rounder will be televised by ABC starting at 8 p.m. MDT. Liston has scored 10 knockouts. Bethea, 25, has a 17-8-2 record, including six knockouts.

## Turley Takes 17th Decision of Year

By JACK HAND

Associated Press Sports Writer  
When Bob Turley starts something he finishes it. The New York Yankee ace, top winner in the majors with his 17-4 record, has completed 16 of 22 starts.

If Baltimore never sees Turley again it will be much too soon. The Orioles have scored only one run against their former teammate in 35 innings. They win every time they think of the deal that sent Bullet Bob and No-Hit Don Larsen to New York.

Turley's latest effort was a seven-hitter against the Orioles Tuesday night for a 4-1 victory equals his personal major league high. He had a 17-13 record in 1955 the first year with the Yanks.

HITS 30TH HOMER  
Mickey Mantle slammed his 30th home run off loser Connie Johnson with two men on in the third. The blow tied him with Boston's Jackie Jensen for the American League homer lead.

The feeble Orioles suffered their ninth straight defeat, tying the Detroit Tigers for the longest losing streak of the year. The Tigers had a six-game winning string snapped by Cleveland 6-1.

### MUSICAL MAPLE LEAFS

Doubly talented are these three members of Maple Leaf ball club. Besides their athletic prowess, they can sing a mean ditty and have been dubbed the "Bullpen Trio" by their team mates. From left are: Pitcher Bob Tiefenhauer, catcher Joe Hannah and pitcher Jim Pierce.

### LEW COOLS OFF BUCS

## Burdette's Magic Is Still Working

By JACK HAND  
Associated Press Sports Writer

All it took was a little dose of Lew Burdette's magic to cool off the Pittsburgh Pirates as National League pennant contenders.

Home runs by Eddie Mathews and Del Crandall set up the 6-1 victory over the Pirates Tuesday night that restored the Braves' five-game lead over San Francisco. The third-place Pirates dropped seven games behind the leaders.

The Giants came from way back, trailing by six runs at the end of six innings in Chicago, only to lose to the Cubs 10-9 in the 10th. Ernie Banks' single chased home an unearned run at the expense of Johnny Antonelli in the 10th.

NINTH-INNING RALLY  
Cincinnati rallied for three runs in the last of the ninth to top Philadelphia 6-5 as Frank Robinson knocked in the tying and winning runs with a two-run double off Dick Farrell.

St. Louis broke out of its batting slump with 21 hits in a 13-9 romp over Los Angeles. Wally Moon was the Cards' big hitter with a homer and three singles, driving in three runs.

Burdette shut out Pittsburgh for seven innings on the way to his 11th victory. All Milwaukee scores were charged against Ron Kline who gave up all five Brave

hits for his 10th defeat.

Banks had four hits, including his 31st homer, high in both leagues. Rookie Morris Thacker also homered for the Cubs and Leon Wagner and Orlando Cepeda for the Giants. Willie Mays had three hits for a .341 average.

When Jack Sanford left the game in the ninth in Cincinnati, the Phils had two on with none out. Farrell retired the two men but George Crowe slammed a single off his glove for one run and Robinson hit a 1-2 pitch into centre field. Joe Nuxhall was the winner in relief. Richie Ashburn had two hits to retain the batting lead at 3-0.

Billy Muffett went all the way in St. Louis, holding the Dodgers to seven hits. Danny McDevitt was chased with his fourth defeat. The 21 hits marked a new season high for the Cards. Stan Musial's two hits left him at .340 in third place.

## Lions Down Als 34-22 For 2nd Win of Season

By W. R. WHEATLEY

Canadian Press Staff Writer

MONTREAL (CP) — George Herring, a highly versatile quarterback from Mississippi Southern, sparked British Columbia Lions to a 34-22 win Tuesday night over Montreal Alouettes.

Herring, who kicks, runs and passes, fired long touchdown passes to Paul Cameron and Sonny Homer early in the fourth quarter. The Lions virtually wrapped up the game then and there.

Cameron accounted for two of the Lions' touchdowns. In addition to Homer, the others went to Rick Kaser and Don Vico. Joel Wells scored two of Montreal's touchdowns and Dick Hunter the other.

### LACKNER ROUGED

Bill Bewley converted all three for Montreal and the Als added a single point—their only score of the last quarter — when Ray Lackner was rouged on Sam Et-

cheverry's kick. Ted Hunt failed on one convert attempt for the Lions.

It was a see-saw affair, with the Als coming from behind and going into the fourth quarter with a one-point lead, until Herring came up with his sensational passing.

The first was a 54-yard run-and-pass play with Cameron on the scoring end, the next an 85-yard pass with Sonny Homer gathering in the ball on the romp.

### LIONS TAKE LEAD

The Lions bounced into a two-touchdown lead in the second quarter after a scoreless first quarter. With play at the Montreal 21, Herring nailed Cameron with a TD pass and a few minutes later Bob Winters, replacing Herring for a brief spell, tossed to Kaser from the Als' 27.

Helped by Etcheverry's passes to Red O'Quinn and Pat Abbruzzi, the Als got their first touchdown when Wells scored from the one-yard line.

The Als took the lead, lost it and regained it in the third quarter. Hunter, with some fine broken-field running, raced over from the B.C. 20 and Vico scored for the Lions with an off-tackle gallop of seven yards.

Late in the quarter Larry Harding recovered a B.C. fumble on the Lions' 15 and on the last play of the quarter Wells scored from five yards out on an end run.

PAUL CAMERON

... two touchdowns

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

# Busy Day for Princess Includes Flight, Concert

MONTREAL (CP) — Princess Margaret launched her visit to French Canada with an event-packed day of activities ranging from a helicopter ride to a Bach concert.

The concert, at Montreal's new Comedie Canadienne Theatre, climaxed the first part of her visit to Montreal — the second-largest French-speaking city in the world.

Her welcome here Tuesday afternoon was cosmopolitan. People of many races craned their necks for a brief look at the tiny, sun-tanned princess and exclaimed over her in German, Italian, Chinese and Hungarian as well as French and English.

**LAST WEEK IN CANADA**  
Her visit to Montreal marked the beginning of the final week of her month-long visit to Canada. Next Monday, after visiting Quebec City, New Brunswick and

## MANHUNT

(Continued from page 1)

manhunt in the province's history was under way.

Before evening officers from Kamloops, Kelowna, Grand Forks, Keremeos and Penticton were on the scene to assist in the all-night search and the maintaining of road blocks.

## ROAD BLOCKS SET UP

The road blocks are still being maintained on all roads approaching Summerland. All railway bridges are also under round-the-clock guard.

When last seen Morrison was wearing dark olive pants, a dark grey sweater and a cap. He was also carrying a small rucksack and a brown paper parcel. He is said to have most of his front teeth filled with gold.

Throughout yesterday evening and well into the night armed posses searched Giant's Head Mountain without result.

Inspector C. W. Speers, Chilliwack, has been brought in to direct the search.

## "TOUGH CHARACTER"

Morrison has been described as a "tough character." Local growers have said he's a man able to change his appearance overnight.

A Penticton grower who employed Morrison last year told the Herald today: "He's really tough. He could live on a carrot for two weeks. He knows the woods and can change from a backwoodsman to a well spoken gentleman within minutes. He told me he had lived down in Mexico for some years and that during his several stays in the Okanagan he usually stayed with the Indians here. The police will have a tough job trying to nail him down."

THE PENTICTON HERALD  
Wednesday, August 6, 1958

she sat briefly with Mayor Sarto Fournier and Postmaster - General William Hamilton until the mayor rose to make a presentation.

The city's gift was a gold brooch shaped like a maple leaf with an inset diamond fleur de lys. The princess did not make a formal speech of thanks, but appeared genuinely pleased.

Margaret then returned to the train, where she remained until leaving for a dinner at Montreal's exclusive Mount Stephen club.

## DAZZLING ENTRANCE

Following the dinner, the princess made a dazzling entrance into the royal loge at La Comedie Canadienne Theatre where she attended the concert. A spotlight singled out the princess' loge when she made her way to it from the foyer.

**HOOVER**  
sets the trend  
in home-cleaning  
equipment

Over the years, Hoover has built its enviable reputation on originality and quality... and now stands to completely revolutionize home cleaning with this amazing new cleaner...

**Hoover Convertible**  
the cleaner with the automatic shift

It beats, as it sweeps, as it cleans

Frisky and free-wheeling, the new CONVERTIBLE does a job on rugs that no cleaner short of a Hoover can match. Then, for bare floors or upholstery, you just click in the converter and the CONVERTIBLE's big motor shifts into high to give you an extra burst of power for straight suction cleaning.

ACTUALLY 2 CLEANERS IN ONE!

**LOW**  
Starts with power cleaning. Best for rugs.

**SHIFT**  
Slide in the converter... and presto...

**HIGH**  
Extra power for all your suction cleaning.

## ENGAGEMENTS

Mr. and Mrs. Eric H. Selby wish to announce the engagement of their daughter, Eva Marie, to Mr. Gerhard Kahrmann, son of Mr. and Mrs. August Kahrmann. The wedding to take place September 6, 1958 at 8 p.m. in St. Saviour's Anglican Church, Canon A.R. Eagles officiating.

Mr. and Mrs. Reginald F. Campbell of Penticton announce the engagement of their only daughter, Lois Mae, to Dr. William Kenneth Kirkwood, son of Mr. and Mrs. William Kirkwood of Paisley, Scotland. Wedding will take place on September 6th, 1958 at St. Saviour's Anglican Church, Penticton.

Mr. and Mrs. Kifa S. Geryluk of 268 Power Street, Penticton, and formerly of Osoyoos, wish to announce the engagement of their daughter, Audrey Azora, to Marvin Sveinbjorn Haglof, only son of Mr. and Mrs. Arthur J. Haglof, of 154 Regina Avenue, Penticton, and formerly of Oliver. The wedding will take place on Saturday, September 6, at 4:30 p.m. in the Concordia Lutheran Church, Penticton. Reverend L.A. Gabert will officiate.

## DEATHS

**PICKRELL** — Passed away in Penticton August 3, 1958, Morris Pickrell, aged 83 years. Survived by two daughters, Mrs. C.V. Spears (Sadie); Mrs. J. Kreski (Bertha); Vancouver; one son, James O. Beavertell; seventeen grandchildren and nine great grandchildren. Funeral services will be announced later by the Penticton Funeral Chapel. R. J. Pollock and J. V. Carberry, directors.

**PALAMARUK** — Passed away in the Penticton Hospital August 4, 1958, Wasy Palamaruk, aged 70 years. Funeral services will be held in the Penticton Funeral Chapel Thursday, August 7th at 10:30 a.m., Canon A.R. Eagles officiating. Committal service at the Orchard Cemetery, West Summerland. R. J. Pollock and J. V. Carberry, directors.

**BROWN** — Passed away in the Penticton Hospital August 4, 1958, Thomas Oswald Brown, aged 81 years, formerly of 42 E. 20th Avenue, Vancouver. Survived by one son, Arthur, Vancouver; two daughters, Mrs. Sydney (Vera) Arnes, Vancouver; Mrs. W. E. (Beth) Stark of Pasadena, California; nine grandchildren, six great grandchildren and one great great grandchild. Remains are being forwarded to Vancouver for burial. Penticton Funeral Chapel in charge of arrangements. R. J. Pollock and J. V. Carberry, directors.

## IN MEMORIAM

In loving memory of Darlene Keehn, a dear friend, who passed away August 6, 1958. "Thy will be done" seems hard to say. When one we loved has passed away. Some day, perhaps, we'll understand. When we meet again in that promised land.

—Ever remembered by Gladys and Jackie.

In loving memory of Darlene Keehn, who passed away August 6, 1958. Deep in our hearts a memory is kept. Of ones we loved and will never forget. Ever remembered by Mother, Dad, sister Velma and brothers Calvin, Clifford and Leonard.

Phone 3640. 180-182

# Musicals are not Dead Says Dancer

By BOB THOMAS

HOLLYWOOD (AP) — Is the musical dead in Hollywood?

Cyd Charisse doesn't think so, although she admits she is on the defensive. The number of musicals has sagged to almost nothing, whereas they once constituted almost one-fourth of the Hollywood product.

"Mainly, it's because musicals are expensive," she concedes. The long strike of film musicians also contributed to the decline. And there is the repeated claim that musicals do not sell overseas, where about half the profits must come in order for the studios to survive.

"I hear that all the time," Cyd said angrily, "and I don't think

it's true. The whole thing started because 20th Century-Fox had bad luck with a couple of its musicals in Europe. They were *Carousel* and *The King and I*.

**NOT MUSICALS**  
"But those weren't movie musicals in the strict sense. They were filmed stage plays. There was little dancing and most of the songs were sung in closeups. Some of the songs were cut in Europe because they didn't understand them over there."

"But none of my numbers from *Meet Me in Las Vegas* or *Silk Stockings* have been cut in Europe, and those pictures have done well over there."

She admitted that movie musicals have suffered from the competition of television. "TV has made dancing less important," she said. "But dancing in movies still has the advantage. It's impossible to make dancing really effective on TV. The screen is too small, and the cameras can't move fast enough to get the right angles."

## HAS HOPE

She sees hope on the horizon. A top producer was moaning to her weeks ago that he'd never make another musical despite her arguments. Recently he confessed to her that he has several planned.

Fortunately for Cyd, she does not need to rely on her talented gamers for film work. She dances not a step in *Twilight* for the Gods with Rock Hudson.

I hope she's right when she says we'll be getting more musicals.

## SALLY'S SALLIES

"Sorry, sir, but if I knew the answers to your questions I'd get a job at Oak Ridge."

♠ 10

**The bidding:**  
South West North East  
1♣ Pass 2♣ Pass  
4♣

Opening lead—king of clubs. You're playing this hand at four spades. It looks like a cinch. Maybe you'll even make six, because if the trumps break and the heart finesse works you've missed a slam.

West opens a club and continues with another, which you ruff. Then you play the ace of spades and all of a sudden East shows out. Son now you can't make more than four, in fact, if the heart finesse fails, you're down.

But it says in Mr. Becker's column that whenever you have a finesse to take, always look for some other way to play the hand so you can avoid the finesse, K-6 prevent West from making which is after all only a 50-50 more than one trump trick.

On Monday: Another Famous Hand is presented by Mr. Becker.

## Seaway Toll Hearing Opens

OTTAWA (CP) — Interests opposed to proposed tolls on the St. Lawrence Seaway were to air their grievances today at hearings opening simultaneously in Ottawa and Washington.

It appeared unlikely, however, the representations will lead to major changes in initial toll recommendations tentatively agreed on in June by Canada's St. Lawrence Seaway Authority and the United States St. Lawrence Seaway Development Corporation.

The hearings are a prelude to official Canada-U.S. negotiations to set a fixed toll schedule. Some 24 briefs are expected to be presented at the Ottawa hearing, representing the views of shippers, manufacturers, regions, cities and provinces.

In general, shippers and the shipping industry want low tolls while the railroads, which view the seaway as a rival, want higher ones.

St. Lawrence Seaway Authority President B. J. Roberts is presiding at the hearing. The authority hopes to wrap up sittings in one or two days.

The tentative toll schedule is designed to pay off the \$471,000,000 cost of the seaway in 50 years and cover maintenance costs as well.

Of the joint tolls to be collected, the U.S. will receive 39 per cent and Canada 71 per cent. However, tolls collected for use of the Welland Canal, owned and operated by Canada, will go to Canada.

NON-CONFIDENCE MOTIONS DEFEATED

# Rowdy Commons Debate Concludes

By DAVE MCINTOSH  
Canadian Press Staff Writer

OTTAWA CP) — The most boisterous and the strangest Commons debate of the session concluded Tuesday night with government supporters easily overcoming two opposition non-confidence motions against the administration.

It became so rowdy near the close that Speaker Roland Michener had to call for order several times as Finance Minister Fleming and Lionel Chevrier (Montreal, Laurier) called each other "cheap."

The debate was strange because the point under discussion — the trade department's secret report on the Canadian economic outlook for 1958 — has never been made public. This, naturally, put the opposition under a handicap.

**PUBLISHED BY PAPER**  
The government didn't help them any, refusing to say, during the two-day debate, whether excerpts said to be taken from the economic report and published last week by the Toronto Star actually came from the report.

The excerpts portray a gloomier economic situation than forecast by Mr. Fleming in his June 17 budget speech.

A CCF non-confidence motion, which said the recession has been prolonged because the govern-

ment ignored the economic report, was defeated by a vote of 149 to 43.

A Liberal motion which contended the government's actions concerning the 1957 and 1958 economic reports had jeopardized the system of confidential advice from government advisers to cabinet ministers was beaten by a vote of 150 to 43. On both divisions Liberals and CCF voted together in the minority.

**DISCLOSED 1957 REPORT**  
The latter motion was, in part, a reference to Prime Minister Diefenbaker's action last Jan. 20 in disclosing the 1957 economic report.

Mr. Diefenbaker said the Liberal proposition that a document should be tabled immediately because the press had printed purported excerpts from it was "ridiculous."

He repeated his June 18 promise to table the 1958 report on request early next year when it would no longer be current.

**SHOULD DO MORE**  
Paul Martin (L—Essex East) suggested publication of the excerpts violated the Official Secrets Act and said it was the government's duty to go beyond a

"half-hearted investigation."

Justice Minister Fulton said Mr. Martin was advising a "witch hunt" in the civil service.

Hazen Argue, CCF House leader, called Trade Minister Churchill the "minister without foundation," a reference to Mr. Churchill's use of the phrase "without foundation" in denying newspaper reports that quoted him as admitting the published excerpts were accurate extracts from the economic report.

## Queen May Make Long Yacht Cruise During 1959 Visit

By BILL BOSS  
Canadian Press Staff Writer

OTTAWA CP) — Preliminary planning for the Queen's 1959 Canadian visit, the prime purpose of which is to open the St. Lawrence Seaway, envisages a six-week stay that will see the royal yacht Britannia make a 4,000-mile voyage in Canadian and United States inland waters.

Official sources, stressing that the planning is still in the broad outline stage with not even the machinery yet set up to start pinning down the host of details entailed, said Tuesday that:

1. The Queen and Prince Philip, without their children, will fly to Canada and meet the Britannia

near Montreal, probably in late June.

2. They probably will sail the St. Lawrence-Great Lakes waterway to the Head-of-the-Lakes twin cities of Port Arthur and Fort William, calling en route at Canadian and United States centres.

3. They likely will sail Lake Michigan to Chicago.

4. The over-all visit is expected to last six weeks. Whether it will take in other provinces than Quebec and Ontario and other U.S. states than Illinois, Michigan and New York remains to be seen.

**THIRD VISIT**  
It will be the Queen's third

visit to Canada, and her nautical husband's fourth.

Not wholly certain, is whether all the arrangements that would be involved in sailing the royal yacht on such a course are possible. Besides navigation, supply and communications, security would be a factor. Official sources said the matter is under study by the various departments of government that would be affected.

The Queen's first visit to Canada, while heir presumptive, was made with Prince Philip in 1951. Her second was last October, when she opened the 23rd Parliament.

## REPOSSESSION SALE
